Re: Interim Medical Certification – WBO Flyweight Champion Jessie Rodriguez

Dear Mr. Hearn:

On April 8, 2023, the above-referenced fighter won the vacant WBO Flyweight Championship via unanimous decision against Cristian Gonzalez. The foregoing bout was held at the Boeing Center at Tech Port in San Antonio, Texas. During the post-fight interview, Rodriguez stated that he suffered a broken jaw and was unable to barely speak.¹ Therefore, the latter injury requires immediate surgery procedures.

Furthermore, this Committee became aware that surgery was performed via Rodriguez himself through posts from his social media account. Wherefore, this Committee grants Mr. Rodriguez five (5) days upon issuance of this notice to submit his physician's certification, which should include an explanation of his condition as well as the recovery prognosis in conjunction with the physician's opinion as to when can he return to active training and competition. Please be advised that if Mr. Rodriguez does not comply with this order, the Committee will proceed in accordance with the WBO Regulations of World Championship Contests.

The WBO wishes Mr. Rodriguez the best good fortune on a prompt and speedy recovery.

Yours Truly,

Luis Batista Salas, Esq.
